Futuristic design, unique gameplay experience

Dreamtouch LiteX is an innovative gaming kiosk designed to create a compelling user experience. Its 32", full high-definition inclined touchscreen in portrait orientation redefines players' experience, resembling the personalized gaming experience that is usually provided via handheld mobile devices.

Dreamtouch LiteX, is hosting the TapnBet innovative concept of prefilled betslips, which makes gaming easy and fun for any player.

Dreamtouch LiteX can be installed in traditional points of sale, shop-in-shops, sports bars, cafes, clubs, shopping malls, airports and railway stations.
