2. NOTES TO THE INTERIM FINANCIAL STATEMENTS

2.1.1 Basis of preparation of the Financial Statements

The attached financial statements have been prepared on the historical cost basis, except for the financial assets measured at fair value through other comprehensive income and the derivative financial instruments that are measured at fair value, or at cost if the difference is not a significant amount, and on condition that the Company and the Group would continue as a going concern, as described below. The attached financial statements are presented in Euros and all values are rounded to the nearest thousand (€000) except if indicated otherwise. Differences that may occur between the items in the Financial Statements and of the corresponding items in the notes are due to rounding.

Going concern

The Group maintains sufficient liquidity as to cover its cash needs in the near future. The Group has completed a series of capital restructuring actions, including debt restructuring and refinancing transactions, as well as a share capital increase of €129,2m. Following the completion of the exchange offers in August 2021, resulting in the extension of the 2021 maturities and the deleverage of €163m, the Group recently acquired the minority shares in Intralot Inc. through the proceeds of the share capital increase, thus bringing the controlling share of the Intralot Group in Intralot Inc. to 100%. In addition, the Group proceeded with the refinancing of Intralot Inc. debt with new bank financing (Term Loan) maturing in 2025, the terms of which improve the access of the parent company to the cash flows of the US subsidiary and are expected to be favourable from a cost of debt perspective. The new loan agreement signed with a consortium of six US financial institutions also includes a revolving credit line (Revolver Facility) of \$50 million, which will significantly assist the Group's liquidity management. The successful execution of these three transactions is expected to allow the Group to implement its business plan and address significant opportunities both in the Lottery as well as in the Sports Betting markets.

In this field, the Management is continuously monitoring the cash flow of the Group and enhancing its efforts for further sales increase through operational improvements, while at the same time focusing on the cost reduction through operational efficiencies and development of synergies.

The geopolitical tension arising from the war in Ukraine coupled with the energy crisis, the supply chain disruptions and the rising inflation are factors that are expected to determine the economic outlook over the coming months. Although our Group does not have direct exposure in terms of operations or dependency on suppliers in Ukraine

and Russia, the potential risks from the reduction in the household disposable income and the possible increase in operating expenses due to inflationary pressures cannot be overlooked.

An important impact is the increase of interest rates, which has affected the new banking facility of our subsidiary in the US since it is a fluctuating interest rate bearing banking facility and therefore the servicing cost has temporarily increased. However, given that our subsidiary in the US generates strong cash flows, it can meet the increased servicing obligations of its debt.

The Management has prepared a detailed business plan with expected cash flows for a period up to December 2024, taking into consideration the trading performance and the current trends per operating activity, macroeconomic environment in markets we operate and new developments in financial markets.

Given that the maturity date of the bond, with a nominal value of €500 million (€356 million after repurchases), is September 15, 2024, within a 15-month time horizon from the date of publication of the Financial Statements for the first quarter of 2023, the Management has already started examining a series of options for refinancing the bond with a new bond or a bank loan, and in any case, in the optimal way for the interests of the Group and all parties involved, taking into account the current market conditions and the objective capabilities of the Group. We estimate that within the next few months, and certainly within the timeline specified by the Indenture, the Management will be in a position to announce a refinancing plan.

In conclusion, taking into account the Forecasted Cash Flows plan, the successful share capital increase, the successful refinancing of the Intralot Inc.'s debt that led to the improvement of Net Debt, which combined with the improvement of operational profitability significantly enhanced the leverage ratio, as well as all available information about the foreseeable future, the Management estimates that the Going Concern assumption is valid for the preparation of the financial statements and there is no longer any material uncertainty in this regard. In view of the above, the Financial Statements of the Group were prepared on the basis of the going concern principle.

2.1.2 Statement of compliance

These financial statements for the period ended March 31, 2023 have been prepared in accordance with IAS 34 "Interim Financial Reporting". Those interim condensed financial statements do not include all the information and disclosures required by IFRS in the annual financial statements and should be read in conjunction with the Group's and Company's annual financial statements as at [December 31, 2022](#).

2.1.3 Financial Statements

INTRALOT keeps its accounting books and records and prepares its financial statements in accordance with the International Financial Reporting Standards (IFRS) Law 4308/2014 chap. 2, 3 & 4 and current tax regulations and issues its financial statements in accordance with the International Financial Reporting Standards (IFRS).

INTRALOT's Greek subsidiaries keep their accounting books and records and prepare their financial statements in accordance with GAS (L.4308/2014), the International Financial Reporting Standards (IFRS) and current tax regulations. INTRALOT's foreign subsidiaries keep their accounting books and records and prepare their financial statements in accordance with the applicable laws and regulations in their respective countries. For the purpose of the consolidated financial statements, Group entities' financial statements are adjusted and prepared in relation to the requirements of the International Financial Reporting Standards (IFRS).

2.1.4 Changes in accounting policies

For the preparation of the financial statements of period ended March 31, 2023, the accounting policies adopted are consistent with those followed in the preparation of the most recent annual financial statements ([December](#)

31, 2022), except for the below mentioned adoption of new standards and interpretations applicable for fiscal periods beginning at January 1, 2023.

Standards and Interpretations compulsory for the fiscal year 2023

New standards, amendments of published standards and interpretations mandatory for accounting periods beginning on 1st January 2023. The Group's assessment of the impact of these new and amended standards and interpretations is set out below.

IFRS 17 'Insurance contracts' and Amendments to IFRS 17

IFRS 17 has been issued in May 2017 and, along with the Amendments to IFRS 17 issued in June 2020, supersedes IFRS 4. IFRS 17 establishes principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the Standard and its objective is to ensure that an entity provides relevant information that faithfully represents those contracts. The new standard solves the comparison problems created by IFRS 4 by requiring all insurance contracts to be accounted for in a consistent manner. Insurance obligations will be accounted for using current values instead of historical cost.

Further amendments were made in December 2021 which added a transition option relating to comparative information about financial assets presented on initial application of IFRS 17. The amendments aim at helping entities to avoid temporary accounting mismatches between financial assets and insurance contract liabilities, and therefore improve the usefulness of comparative information for users of financial statements. The amendment did not have any impact on the Group Financial Statements.

IAS 1 (Amendments) 'Presentation of Financial Statements' and IFRS Practice Statement 2 'Disclosure of Accounting policies'

The amendments require companies to disclose their material accounting policy information and provide guidance on how to apply the concept of materiality to accounting policy disclosures. The amendment did not have any impact on the Group Financial Statements.

IAS 8 (Amendments) 'Accounting policies, Changes in Accounting Estimates and Errors: Definition of Accounting Estimates'

The amendments clarify how companies should distinguish changes in accounting policies from changes in accounting estimates. The amendment did not have any impact on the Group Financial Statements.

IAS 12 (Amendments) 'Deferred tax related to Assets and Liabilities arising from a Single Transaction'

The amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. This will typically apply to transactions such as leases for the lessee and decommissioning obligations. The amendment did not have any impact on the Group Financial Statements.

Standards and Interpretations compulsory after March 31, 2023

The following new standards, amendments and IFRICs have been published but are in effect for the annual fiscal period beginning the 1st of January 2024 and have not been adopted from the Group earlier.

IAS 1 'Presentation of Financial Statements' (Amendments) (effective for annual periods beginning on or after 1 January 2024)

2020 Amendment 'Classification of liabilities as current or non-current'

The amendment clarifies that liabilities are classified as either current or non-current depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date. The amendment also clarifies what IAS 1 means when it refers to the 'settlement' of a liability. The amendment has not yet been endorsed by the EU.

2022 Amendments 'Non-current liabilities with covenants'

The new amendments clarify that if the right to defer settlement is subject to the entity complying with specified conditions (covenants), this amendment will only apply to conditions that exist when compliance is measured on or before the reporting date. Additionally, the amendments aim to improve the information an entity provides when its right to defer settlement of a liability is subject to compliance with covenants within twelve months after the reporting period.

The 2022 amendments changed the effective date of the 2020 amendments. As a result, the 2020 and 2022 amendments are effective for annual reporting periods beginning on or after 1 January 2024 and should be applied retrospectively in accordance with IAS 8. As a result of aligning the effective dates, the 2022 amendments override the 2020 amendments when they both become effective in 2024. The amendments have not yet been endorsed by the EU. The Group will assess the impact of the amendment on its financial statements.

IFRS 16 (Amendment) 'Lease Liability in a Sale and Leaseback' (effective for annual periods beginning on or after 1 January 2024)

The amendment clarifies how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted. An entity applies the requirements retrospectively back to sale and leaseback transactions that were entered into after the date when the entity initially applied IFRS 16. The amendment has not yet been endorsed by the EU. The Group will assess the impact of the amendment on its financial statements.

2.1.5 EBITDA & EBIT

International Financial Reporting Standards (IFRS) do not define the content of the "EBITDA" & "EBIT". Also, the Group defines "EBIT" as "Operating Profit/(Loss) before tax" adjusted for the figures "Profit/(loss) from equity method consolidations", "Profit/(loss) on net monetary position", "Exchange Differences", "Interest and similar income", "Interest and similar expenses", "Income/(expenses) from participations and investments", "Write-off and impairment loss of assets" and "Gain/(loss) from assets disposal".

2.1.6 Significant accounting judgments estimates and assumptions

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the amounts of revenues, expenses, assets liabilities and disclosures of contingent liabilities that included in the financial statements. On an ongoing basis, management evaluates its judgements, estimates and assumptions that mainly refer to goodwill impairment, allowance for doubtful receivables – expected credit losses, provision for staff retirement indemnities, provision for impairment of inventories value, impairment of tangible and intangible assets as well as estimation of their useful lives, recognition of revenue and expenses, pending legal cases, provision for income tax and recoverability of deferred tax assets. These judgements, estimates and assumptions are based on historical experience and other factors including expectations of future events that are considered reasonable under the circumstances.

The key judgements, estimates and assumptions concerning the future and other key sources of uncertainty at the reporting date of the interim condensed financial statements for the period ended on March 31, 2023 and have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year, are consistent with those applied and were valid at the reporting date of the annual financial statements [December 31, 2022](#).

More specifically, the Management of the Group evaluates the going concern assumption based on the approved business plans that cover a period of five years. Following this, it prepares Expected Cash Flows that cover a period of at least 15 months since the financial statements reporting date.

The estimates and assumptions used to prepare the business plans and Expected Cash Flows are based on historical data as well as on various factors that are considered reasonable given the circumstances, and are reconsidered

taking into account current and expected future market conditions. The preparation of business plans also includes long-term assumptions for important economic factors that involve a significant use of Management judgement.

2.1.7 Seasonality and cyclicity of operations

The Group revenue can fluctuate due to seasonality in some components of the worldwide operations. In particular, the majority of the Group sports betting revenue is generated from bets placed on European football, which has an off-season in the European summer that typically causes a corresponding periodic decrease in the Group revenue. In addition, Group revenue from lotteries can be somewhat dependent on the size of jackpots of lottery games during the relevant period. The Group revenue may also be affected by the scheduling of major football events that do not occur annually, notably the FIFA World Cup and UEFA European Championships, and by the performance of certain teams within specific tournaments, particularly where the national football teams, in the markets where the Group earns the majority of its revenue, fail to qualify for the World Cup. Furthermore, the cancellation or curtailment of significant sporting events, for example due to adverse weather, traffic or transport disruption or civil disturbances, may also affect Group revenue. This information is provided to allow for a better understanding of the revenue, however, Group management has concluded that this is not “highly seasonal” in accordance with IAS 34.

2.2 INFORMATION PER SEGMENT

Intralot Group manages in 39 countries and states an expanded portfolio of contracts and gaming licenses. The financial results of the Group are presented in the following operating geographic segments based on the geographic location of the Group companies:

Fair value hierarchy

The Group classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making these measurements. The levels of the fair value hierarchy are as follows:
 Level 1: official quoted prices (unadjusted) in markets with significant volume of transactions for similar assets or liabilities

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group and the Company held on 31/3/2023 the following assets and liabilities measured at fair value:

Valuation methods and assumptions

The fair value of the financial assets and liabilities is the amount at which the asset could be sold or the liability transferred in a current transaction between market participants, other than in a forced or liquidation sale.

The following methods and assumptions are used to estimate the fair values:

- Fair value of the quoted shares (classified as "equity instruments at fair value through other comprehensive income") derives from quoted market closing prices in active markets at the reporting date.
- Fair value of the unquoted shares (classified as "equity instruments at fair value through other comprehensive income") is estimated by reference to the current market value of another item substantially similar or using a DCF model. The valuation through the DCF model requires management to make certain assumptions about the model inputs, including forecast cash flows, the discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted equity investments.
- Fair value of the quoted bonds is based on price quotations at the reporting date. The fair value of unquoted instruments, loans from banks and other financial liabilities, obligations under leases, as well as other non-current financial liabilities is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

- The Group uses derivative financial instruments such as forward currency contracts, interest rate swaps, currency swaps and other derivatives in order to hedge risks related to interest rates and foreign currency fluctuations. Such derivative financial instruments are measured at fair value at each reporting date. The fair value of these derivatives is measured mainly by reference of the market value and is verified by the financial institutions.

Description of significant unobservable inputs to valuation:

The fair value of unquoted shares (classified as "equity instruments at fair value through other comprehensive income") except that it is sensitive to a reasonably possible change in the forecast cash flows and the discount rate, is also sensitive to a reasonably possible change in growth rates. The valuation requires management to use unobservable inputs in the model, of which the most significant are disclosed in the tables below. The management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

Unquoted shares (classified as "equity instruments at fair value through other comprehensive income")

On 31/3/2023 and 31/12/2022 the Group did not hold any unquoted shares (classified as "Equity instruments valued at fair value through other comprehensive income").

A. LITIGATION CASES

a. In Colombia, INTRALOT, on 22nd July 2004, entered into an agreement with an entity called Empresa Territorial para la salud ("Etesa"), under which it was granted with the right to operate games of chance in Colombia. In accordance with terms of the abovementioned agreement, INTRALOT has submitted an application to initiate arbitration proceedings against Etesa requesting to be recognized that there has been a disruption to the economic balance of abovementioned agreement to the detriment of INTRALOT and for reasons not attributable to INTRALOT and that Etesa to be compelled to the modification of the financial terms of the agreement in the manner specified by INTRALOT as well as to pay damages to INTRALOT (including damages for loss of profit) or alternatively to terminate now the agreement with no liability to INTRALOT. The arbitration court adjudicated in favor of Etesa the amount of 23,6 billion Colombian pesos (approx. €4,6 m). The application for annulment of the arbitration award filed by INTRALOT before the High Administrative Court was rejected on 25/5/2011. The Company filed a lawsuit before the Constitutional Court of Colombia which was rejected on 18/12/2012. On 31 August 2016, an application was served to the Company requesting to render the abovementioned arbitration decision as executable in Greece which was heard before the Athens One-Member First Instance Court and the decision issued accepted it. The Company filed an appeal against this decision which was rejected by the Athens Court of Appeals. The Company filed, before the Supreme Court, a cassation appeal against the decision of the Athens Court of Appeals which was rejected. The Company filed, before the Athens Court of Appeals, an application for the revocation of the above decision of the Athens Court of Appeals that rejected the appeal, which has been scheduled for hearing, following a postponement, on 7 December 2023. The Company has created relative provision in its financial statements part of which (€2,2m) has already been used for the payment to Etesa of a letter of guarantee amounting to 7.694.081.042 Colombian pesos (€1.520.130,76).

b. Against the subsidiary Intralot Holdings International Ltd., a shareholder of LOTROM SA and against LOTROM SA, another shareholders of LOTROM SA, Mr. Petre Ion filed a lawsuit before the competent court of Bucharest requesting that Intralot Holdings International Ltd to be obliged to purchase his shares in LOTROM SA for €2.500.000 and that LOTROM SA to be obliged to register in the shareholders book such transfer. Following the hearing of 28th September 2010 a decision of the court was issued accepting the lawsuit of the plaintiff. Intralot Holdings International Ltd and LOTROM SA filed an appeal which was rejected. The abovementioned companies further filed a recourse before the Supreme Court which was heard and rejected. Mr. Petre Ion initiated an enforcement procedure of the above decision in Romania. The companies will exercise legal means against the enforcement procedure according to the provisions of the Romanian laws.

c. Mr. Petre Ion filed in Romania a lawsuit against Intralot Holdings International Ltd and LOTROM requesting to issue a decision to replace the share purchase contract of its shares in LOTROM SA for €2.500.000 (for which he had filed the above lawsuit) in order to oblige Intralot Holdings International

Ltd a) to pay the amount of €400.000 as tax on the above price, b) to sign on the shareholders book for the transfer of the shares, c) to pay the price of the transfer and the legal costs. The Court of First Instance rejected Mr. Petre Ion's lawsuit. Mr. Petre Ion filed an appeal which was heard on 4 November 2014 and was partially accepted. The Company filed an appeal against this decision which was rejected. Following postponements, the case was heard on 10 June 2016 and the respective first instance decision was issued on 19 July 2016; the lawsuit against LOTROM was rejected while it was accepted partially in respect to its part filed against Intralot Holdings International Ltd., obligating the latter to pay the amount of the purchase and the legal expenses. Both Intralot Holdings International Ltd. and Mr. Petre Ion filed appeals against this decision which was heard and were rejected. The decision became final, while the application for cassation filed by Intralot Holdings International Ltd was rejected. While since 2018 there has been no action by the plaintiff, at the beginning of 2021 it was notified to Intralot Holdings International Ltd. that, following a unilateral petition of the plaintiff (ex parte procedure, i.e. without Intralot Holdings International Ltd. to be summoned and represented), a decision was issued by the Cypriot court appointing Bank of Cyprus as custodian of the amount of the account held by Intralot Holdings International Ltd. in that bank, as precautionary measure to ensure the payment of the claim of the plaintiff pursuant to the decision of the courts of Romania. This decision has been rendered enforceable in Cyprus by the local court in October 2020 also without any knowledge of Intralot Holdings International Ltd. since the same unilateral procedure ex parte had been followed by the plaintiff. After being informed on the above, Intralot Holdings International Ltd. objected before the court of Cyprus which, on 23 July 2021, didn't accept its arguments. Intralot Holdings International Ltd. filed an appeal against this decision before the competent courts of Cyprus which is pending. Intralot Holdings International Ltd. considers that has valid grounds to deny the execution of the decision in Cyprus.

d. In Romania, the tax authority imposed to the subsidiary LOTROM SA, following a review, an amount RON 3.116.866 (€629.797,13) relating to tax differences (VAT) of the period 2011-2016. The company paid the amount of RON 2.880.262 (€581.988,68), while the remaining amount was counterbalanced with VAT amount owed to the company. The company filed before the local tax authority an appeal for the return of the amount of RON 3.116.866 (€629.797,13) which is pending.

e. On 30 July 2012, Intralot filed before the Athens Multi-member Court of First Instance a lawsuit against the company "Hellenic Organization of Horse Racing S.A." (ODIE) requesting the payment of the amount of €2.781.381,15 relating to system maintenance services provided but not paid. The case was heard on 6th May 2015 and a decision was issued accepting Intralot's lawsuit in full. ODIE filed an appeal against this decision which has been heard on 1 November 2018 before the Athens Court of Appeal which was rejected with the decision no. 3153/2019 of the Athens Court of Appeal. The decision has not been further appealed and, therefore, has become final and irrevocable. Moreover, Intralot filed a recourse to the arbitration panel on 13 August 2012 against the same company ODIE requesting the payment of the amount of €9.551.527,34 relating to operational services of integrated system provided but not paid. The arbitration was concluded on 1st March 2013 and the arbitration decision no 27/2013 was issued vindicating Intralot and compelling ODIE to pay to Intralot the total amount requested (€9.551.527,34). Intralot has not been notified of any legal remedy against the above arbitral decision.

In order to secure its claims, Intralot:

a) by virtue of the above arbitration decision, has already recorded on the mortgage books of the Land Registry Office of Kropia a mortgage on a land property of ODIE and specifically on the property where the Horse Racetrack of Athens in Markopoulo Attica is operating, and on the buildings thereupon, for an amount of €11.440.655,35.

b) by virtue of the decision no 2209/2014 of the Athens Single Member Court of First Instance, has already recorded on the mortgage books of the Land Registry Office of Kropia, a note of mortgage on the same real estate of ODIE for an amount of €9.481.486,11, which, following the issue of the above decision no. 3153/2019 of the Athens Court of Appeal, partially turned to a mortgage for the total amount adjudicated, i.e. for the amount of €2.781.381,15.

c) advanced the procedure of compulsory execution against ODIE in order to execute its claims. Furthermore, on 20 March 2014, Intralot filed before the Athens Multi-member Court of First Instance a lawsuit against ODIE requesting the payment of the amount of €8.043.568,69 which is owed to it pursuant to the "Agreement of Maintenance and Operation of the System of the Mutual Betting on Horse Races of ODIE" dated 6 March 2012. The lawsuit was heard on 4 October 2017 and the decision issued accepted the lawsuit. ODIE filed an appeal which was rejected by the Athens Court of Appeals in December 2019. No petition for cassation and no appeal for failure to appear before the court have been notified to the Company.

The confiscation on the above land property of ODIE in Markopoulo Attica imposed in the frame of the abovementioned procedure of compulsory execution against ODIE, was reversed with the consent of Intralot on 15 December 2015 in execution of the terms of the agreement dated 24 November 2015 between Intralot and ODIE which settled the payment of all above claims of Intralot. Pursuant to this agreement, ODIE assigned to Intralot 2/3 of the rent which it will receive from the lease agreement relating to that real estate to the company "Ippodromies SA". The payment of the assigned rent amounts has already been started.

Additionally, without the above decisions and encumbrances being affected, Intralot filed before the Athens Multi Member Court of First Instance a lawsuit dated 8.3.2021 against ODIE (under liquidation), the company "Hellenic Republic Asset Development Fund SA" (HRADF) and the Greek State, requesting to be recognized that the above agreement is binding, in addition to ODIE, for HRADF and the Greek State, to oblige all defendants to pay to INTRALOT €487.079,32 and to be recognized that all defendants are obliged to pay to INTRALOT the total amount of €4.747.489,91, while HRADF and the Greek State the amount of €12.676.846,6. The case was heard on 22 September 2022 and the decision issued rejected the lawsuit. The company filed an appeal which has been scheduled for hearing on 30 January 2024.

f. A former officer of the Company filed a lawsuit before the Athens First Instance Court requesting to be recognized that the Company had to pay him the amount of €121.869,81 as non-paid wages. The decision issued partially accepted the lawsuit in relation to the amount of €80.685,42. Both parties have filed appeals which are on 24 November 2020. The decision issued by the Athens Court of Appeals accepts the appeal of the Company and totally rejects the appeal of the plaintiff. The decision is final. A petition for cassation was filed by the plaintiff which was heard before the Supreme Court on 25 October 2022. The Supreme Court ruled that the hearing of the petition is inadmissible. No summons has been served to the Company to request a new hearing of the petition for cassation.

g. In Cyprus, the National Betting Authority had suspended the Class A license of the company Royal Highgate Pcl Ltd. in which the Company has an indirect participation of approx. 35,08%, initially for a period of two months, alleging non-compliance of Royal Highgate Pcl Ltd. with specific terms of the license. Royal Highgate Pcl Ltd. considering that those requested by the National Betting Authority are beyond the provisions of the law, filed a recourse before the competent administrative court of Nicosia which was heard on 30 March 2018. The decision issued rejected the recourse for typical reasons. Royal Highgate Pcl Ltd. filed an appeal against this decision which has been heard, following postponement, on 8 March 2021 and was rejected for the same typical reasons. Royal Highgate Pcl Ltd. filed a complaint application in relation to that case before the European Court of Human Rights which was rejected. In parallel, Royal Highgate Pcl Ltd. had filed three more recourses against decisions of the National Betting Authority relating to the suspension of the license of Royal Highgate Pcl Ltd. Following withdrawal of two of the three recourses, the third one has been scheduled for hearing, following postponements, on 14 September 2023. National Betting Authority started the procedure for the revocation of the license of Royal Highgate Pcl Ltd. and the latter submitted its arguments on 30 November 2018 without any further actions from the National Betting Authority. On 31 December 2018, the contractual term of the license of Royal Highgate Pcl Ltd. expired.

h. In USA, in South Carolina State, class actions were filed against the local lottery South Carolina Education Lottery Commission and the subsidiary Intralot Inc. for breach of contract with the allegation that because of malfunctioning of the system there were winning tickets which were not paid and claiming a total compensation of approx. 35 million USD (€32,1 million). The local court accepted Intralot Inc.'s motions to dismiss in two lawsuits, holding that the plaintiffs were required to exhaust administrative remedies and failed to do so. The other side filed appeals against such decisions which were heard on 9 November 2022 and the decisions are pending. The third similar lawsuit was rejected finally by the court. The Group's management, relying on local expert legal counsels' opinion, considers that the lawsuits have low probability of success. It is noted that with regards to such cases, the Group has a respective insurance coverage.

i. The first lawsuit was heard on 28 February 2018 and the decision issued partially accepted the lawsuit in relation to the amount of €46.500,82. Both parties filed appeals against this decision which were heard on 22 September 2020 and the decision issued orders the re-hearing of the case after the submission of further evidences. The case was heard on 20 September 2022 and the Court of Appeal issued a decision which partially accepted the lawsuit and adjudicated in favor of the plaintiff the amount of €6.235,56. The second lawsuit has been scheduled for hearing, following postponements, on 26 October 2023. The Company had made respective provisions to its financial statements.

j. On 1 April 2019, the Company filed a Request for Arbitration before the ICC International Court of Arbitration requesting to be declared that the defendant Sisal SpA has breached a contract signed with Intralot by using, in Morocco, terminals and the software embedded therein. A decision of the ICC was issued declaring that Sisal SpA has breached the terms of the abovementioned contract and specifically that it has breach the intellectual property rights of Intralot with regards to the software TAPIS

embedded in the terminals which Sisal SpA installed in Morocco, it ordered to cease supplying such terminals in Morocco and also ordered their removal until 31 December 2021, it rejected the requests for compensation against the respondent and ordered Sisal SpA to pay part of the costs and expenses of the arbitration.

k. In Morocco, "La Société de Gestion de la Loterie Nationale" ("SGLN") filed a lawsuit against the Company and its subsidiary Intralot Maroc claiming that it exercised unilaterally its option to transfer to it the equipment of Intralot which was used jointly by SGLN and the other local lottery "La Marocaine des Jeux et des Sports" ("MDJS") and, because of Intralot's denial, it suffered damages in the amount of MAD 18.000.000 (€1.621.519,36) which corresponds to the value of the equipment, while, additionally, it requests MAD 34.000.000 (€3.062.869,91) as loss of profit. It is also requesting the call of the letter of guarantee amounting to MAD 30.000.000 (€2.702.532,27). It is noted that according to the terms of the Intralot's contracts with the two lotteries SGLN & MDJS, the option for the transfer of the equipment as well as any call of the letters of guarantee can only be exercised with a joint request of both entities SGLN & MDJS. The case was scheduled to be heard, following postponements, on 7 June 2021 when a report of a judicial expert was submitted to the court and the court ordered, once more, the submission of a third expert's report which was submitted and a new hearing date has been scheduled for 7 April 2022. The court's decision has been issued and adjudicates the payment to SGLN of the amount of MAD 14.175.752,50 (€1.277.014,29). An appeal was filed against this decision and the Commercial Court of Appeal of Casablanca issued a decision adjudicating the payment to SGLN of the amount of MAD 6.000.000 (540.506,45). l. In Morocco, "La Société de Gestion de la Loterie Nationale" ("SGLN") filed a lawsuit against the Company and its subsidiary Intralot Maroc claiming that an amount of MAD 33.600.000 (€3.026.836,15) is owed to it for investments which were not realized and, in addition, MAD 13.360.000 (€1.203.527,71) for compensation (damages, loss profits). A judicial expert's report has been submitted to the court and a hearing has been scheduled for 30 May 2023. The case is at an early stage and, therefore, no provision can be made with regards to its final outcome.

m. In Malta a lawsuit was filed against the subsidiary Maltco Lotteries Ltd. and the company ATG, having its registered offices in Sweden, by a player of horse races betting games who is requesting the payment of the amount of approx. €1,5m as non-paid winnings. n. In U.S.A. the funds Northlight European Fundamental Credit Fund, HCN LP and Bardin Hill Investment Partners LP, claiming holding notes due in 2024 amounting approximately to 3,5%-4%, filed a complaint on 29 July 2021 before the US District Court for the Southern District of New York against Intralot and companies of its group (Intralot Capital Luxembourg S.A., Intralot Global Holdings B.V., Intralot, Inc. and Intralot US Securities, B.V.), requesting to be declared that the exchanges of notes due in 2021 and in 2024 breach certain provisions of the indenture agreement governing the notes maturing in 2024, as well as the New York legislation. The plaintiffs amended their complaint by on 31 January 2022 by adding new plaintiffs (Halcyon Eversource Credit LLC, Halcyon Vallee Blanche Master Fund LP, HDML

Fund II LLC, CQS Credit Opportunities Master Fund, CQS ACS Fund, CQS Directional Opportunities Master Fund Ltd & BIWA Fund Ltd.) and new defendants (Intralot U.S. Holdings BV and The Law Debenture Trust Corporation P.L.C.). On 31 March 2022, Intralot requested from the court to consider a motion to dismiss. On 21 April 2022, UMB Bank, N.A. filed suit as successor trustee against the above defendants, for alleged breaches of certain provisions of the indenture agreement for the notes maturing in 2024. The suit has been assigned to the same judge as a “related case”. The plaintiffs (the above funds holding Notes due in 2024 and UMB Bank, N.A., as successor trustee of the Notes due 2024) voluntarily dismissed without prejudice the above cases on 19 September 2022. A Plaintiffs’ motion seeking a temporary restraining order to enjoin the notes exchanges was denied by the court on 2 August 2021 and the exchanges of notes due in 2021 and in 2024 were completed.

Until 25 May 2023, apart from the legal issues for which a provision has been recognized, the Group Management estimates that the rest of the litigations will be finalized without a material effect on the Group’s and the Company’s financial position and results.

The Group operates in Argentina through its two subsidiaries Tecno Accion SA and Tecno Accion Salta SA. Since the third quarter of 2018, the cumulative 3-year inflation index in Argentina has exceeded 100% and the country is now considered as a hyperinflationary economy for accounting purposes under IAS 29. The Group applied, for the first time in the nine months of 2018, IAS 29 and restated to current purchasing power in the financial statements (transactions and non-cash balances) of the above subsidiaries that use ARS as functional currency and present their financial statements at historical cost. The restatement was made using the (IPIM) Internal Index Wholesale Prices and applied pursuant to IAS 29, as if Argentina has always been a hyperinflationary economy.

Since the first semester of 2022, the cumulative 3-year inflation index in Turkey has exceeded 100% and the country is now considered as a hyperinflationary economy for accounting purposes under IAS 29. The Group applied, for the first time in the six months of 2022, IAS 29 and restated to current purchasing power in the financial statements (transactions and non-monetary balances) of its subsidiaries BILYONER INTERAKTIF HIZMELTER AS GROUP and INTELTEK INTERNET AS that use TRY as functional currency and present their financial statements at historical cost.

The result (after the relevant consolidation eliminations) from the restatement of the non-monetary assets, liabilities and transactions of the first quarter of 2023 following the application of IAS 29 amounted to a gain of €2.743 thousand and was recorded in the Income Statement (line "Gain/(loss) on net monetary position").

Sale proceeds

Reported consolidated revenue for the three-month period is lower by €-8.2m year over year. The main factors that drove top line performance per Business Activity are:

- €-20.4m (-64.5%) from our Licensed Operations (B2C) activity line with the variance driven by:
 - Lower revenue in Malta (€-21.5m) due to the license expiration early July 2022 and
 - Higher revenue in Argentina (€+1.1m or +10.9% y-o-y), driven by local market growth. In local currency, current year results posted a +104.5% y-o-y increase.
- €+6.3m (+11.4%) from our Technology and Support Services (B2B/ B2G) activity line, with the variance driven by:
 - Higher revenue in US operations (€+4.6m or +13.1% y-o-y), mostly driven by the growth in both Numerical and Instant games, further affected by the EUR depreciation (-4.3% versus a year ago – in average terms) and
 - Higher revenue from other jurisdictions (€+1.7m or +8.6%).
- €+5.9m (or +54.2%) from our Management (B2B/ B2G) contracts activity line with the variance driven by:
 - Strong momentum of our Turkish operations (€+5.8m), driven by Bilyoner's improved performance, favored by the growth of the online market as well as the implementation of IAS 29, regarding cumulative inflationary adjustments starting from the first half of 2022. In 1Q23, the local Sports Betting market expanded close to 2.2 times y-o-y. Performance in Euro terms was partially mitigated by the headwinds in Turkish lira (+28.1% Euro appreciation versus a year ago),
